

Local Partnerships Ellesmere Port

The Ellesmere Port Cultural Learning Exchange is an initiative drawn together by Curious Minds, Theatre Porto and C Change. This dedicated group is working with schools to provide varied opportunities for school communities-including senior leaders, teaching and support staff, pupils and students and families to participate in arts, cultural and creative activities in their own locality through a place based programme.

AIMS

- For creativity and culture to be a priority for all schools across Ellesmere Port
- For Ellesmere Port to become an ArtsMark town
- To amplify and make visible the work created in order to build profile in the area so it's ready to receive future funding
- Raising aspirations within the local area - establishing longer term involvement and career pathways for young people
- To create coherent opportunities for young people to participate in arts, culture and creative activities within the curriculum as well as in extended schools activities
- To ensure the area has a rich supply of diverse artists and creative practitioners who are able to work effectively within schools.
- To work with cultural organisations and community partnerships linking them to schools work
